Bullion Lane Primary School

Science Curriculum

| | Autumn 1 | Autumn 2 | Spring 1 | Spring 2 | Summer 1 | Summer 2 |
|-----------|---|---|---|--|--|--|
| Nursery | Use all senses in hands on exploration of natural materials. Explore collections of materials with similar and/or different properties | Explore how things work Talk about the difference between materials and changes they notice. | Make healthy choices about food, drink, activity and toothbrushing. Make connections between the features of their family and other families Notice differences between people | Begin to understand the need to respect and care for the natural environment Understand 'why' questions like "why do you think the caterpillar got so fat?" | Plant seeds and care or growing plants Begin to understand the key features of a plant and animal's life cycle. | Explore and talk about different forces they can feel Explore how things work Talk about what they see, using a wide vocabulary |
| Reception | Animals inc Humans Children will learn to: • know that different animals have different body parts • know that different foods and live in difference places • know that some animals are big and some animals are small. • know that some animals hibernate • know that some animals are adapted to live under the sea and that humans are adapted to live on land • know that if I wash my hands then that will kill off germs • know about the importance of a healthy diet • know that exercise is good for my body | Everyday Materials Children will learn to: know that objects are made from different materials know about similarities and differences in relation to places, objects, materials and living things know how to about the features of my immediate environment and how environments might vary from one another know how to make observations of animals and plants and explain why some things occur, and talk about changes | Magnets Children will learn to: • know that magnets are 'sticky' without being sticky. • know magnets stick to certain materials (metals) • know how to find an object which a magnet will stick to | Living things and their habitats Children will learn to: know about similarities and differences in relation to living things and their habitats know how to talk about the features of my own immediate environment and how environments might vary from one another know how to make observations of animals and plants and explain why some things occur, and talk about changes. | Plants Children will learn to: know that plants need sun to grow know that plants need water to grow know that most plants need soil and nutrients to grow know some plants grow from seeds | Explore the natural world around them, making observations and drawing pictures of animals and plants Know some similarities and differences between the natural world around them and contrasting environments Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter. |

| Cycle A | Animals icl Humans | <u>Materials</u> | Animals icl Humans | Seasonal Changes | <u>Plants</u> | Scientists and |
|----------|------------------------------------|--------------------------------------|--------------------|-----------------------|-------------------------|-----------------------------|
| Year 1/2 | The Human Body | | <u>Animals</u> | Spring / Summer | | <u>Inventors</u> |
| Cycle A | Animals icl Humans | <u>Rocks</u> | <u>Light</u> | Forces and Magnets | <u>Plants</u> | Scientists and Inventors |
| Year 3/4 | <u>Skeletons</u> | | | Pushes and Pulls | | <u>inventors</u> |
| Cycle A | Recycling | Changing Materials | States Of Matter | Global Warming | <u>Forces</u> | Scientists and |
| Year 4/5 | | <u>Investigations</u> | <u>Water</u> | | Rocket Pack | <u>Inventors</u> |
| Cycle A | Living Things and | Living Things and | <u>Materials</u> | Evolution and | <u>Forces</u> | Scientists and |
| Year 5/6 | their Habitats Reproduction | their Habitats <u>Classification</u> | | <u>Inheritance</u> | Gravity & Friction | <u>Inventors</u> |
| | | | | | | |
| Cycle B | Animals icl Humans | Seasonal Changes | Living Things and | Use Of Everyday | <u>Plants</u> | Scientists and |
| Year 1/2 | <u>Survival</u> | Autumn / Winter | their Habitats | <u>Materials</u> | | <u>Inventors</u> |
| Cycle B | Animals icl Humans | States Of Matter | <u>Sound</u> | <u>Electricity</u> | Living Things and their | Scientists and |
| Year 3/4 | | Solids, Liquids & Gases | | Circuits and Switches | <u>Habitats</u> | <u>Inventors</u> |
| Cycle B | Recycling | Changing Materials | States Of Matter | Global Warming | <u>Forces</u> | Scientists and |
| Year 4/5 | | <u>Investigations</u> | <u>Water</u> | | Rocket Pack | <u>Inventors</u> |
| Cycle B | Animals icl Humans | Animals icl Humans | <u>Light</u> | Electricity | Earth and Space | Renewable Energy |
| Year 5/6 | <u>Human</u> <u>Development</u> | <u>Human Body</u> | | | | |
